

# GoCards smart ID

## About GoCards

GO Sortplux Limited presents an innovative Smart Identification and Attendance System tailored for organizations seeking a secure, efficient, and digital-forward way to manage staff identity, attendance tracking, and professional networking.

Each staff receives a Smart ID Card embedded with NFC technology, which doubles as a digital business card — allowing for tap-to-connect features, instant contact sharing, WhatsApp integration, and social media credibility. Combined with a dashboard and mobile-based attendance system, this solution simplifies internal operations while enhancing external brand presence.

SOLUTIONS THAT SORT IT

## Problem We Solve

**Traditional staff identification and manual attendance logging present several inefficiencies:**

- Manual and error-prone attendance systems
- Lack of structured digital staff profiles
- Limited visibility and credibility for professionals
- Inconvenient staff contact sharing and engagement
- No seamless link to professional social platforms

## Our Smart Solution

**Each staff member receives a Smart NFC-enabled ID Card, linked to a personalized online profile. The system enables:**

- NFC-based attendance logging via mobile phone
- Real-time access to staff credentials, qualifications, and department info
- One-tap WhatsApp chat or contact saving
- Direct links to staff's verified social media profiles (LinkedIn, Instagram, Twitter, etc.)
- Use of card as a Smart Business Card for external networking and credibility

## Key Features

**NFC Smart ID Card:** Physical card with embedded chip and QR for scanning or tap-to-connect

**Attendance Tracking:** Tap card on NFC phone to log attendance in real time

**Social Media Integration:** Links to LinkedIn, Instagram, Facebook, Twitter — builds credibility

**Smart Business Card Functionality:** Can be used outside work for professional networking

**WhatsApp Contact Access:** One-tap save or chat with staff from profile

**Admin Dashboard:** Central system to view, manage, and export attendance and staff records

## Our Smart Solution

- Professional Digital Identity for all staff
- Paperless Attendance System with real-time logs
- Enhanced Visibility & Trust through public staff profiles
- Instant Contact Sharing with tap or scan
- Multi-functional ID Card (Attendance + Business Card)
- Improved Internal Efficiency with digital reports and reduced admin work

## Pricing & Maintenance

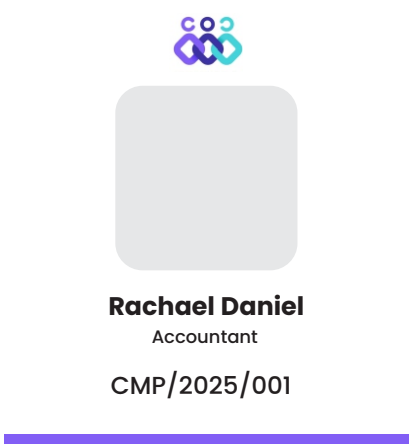

Item	Description	Cost
Per Staff Setup	Smart ID card + digital profile + system access	N20,000 per staff
Annual Subscription	System maintenance, hosting, and updates	N100,000/year
